INDEPENDENT AUDITORS' REPORT

Honorable Mayor, Members of the City Council
City of Webster City, Iowa

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the discretely presented component units, and the aggregate remaining fund information of the City of Webster City, Iowa, (the City) as of and for the year ended June 30, 2011, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audits in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of June 30, 2011, and the respective changes in financial position and, where applicable, cash flows thereof, for the year then ended, in conformity with U.S. generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 11, 2012 on our consideration of the City of Webster City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and schedule of funding progress for the retirees health plan on pages 3 through 11 and 52 through 56 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Webster City's financial statements as a whole. The combining nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the financial statements. The combining nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

CITY OF WEBSTER CITY
Management Discussion and Analysis
For the year ending June 30, 2011

As management of the City of Webster City, we offer readers of the City of Webster City's financial statements this narrative overview and analysis of the financial activities of the City of Webster City for the fiscal year ending June 30, 2011. This section should be read in conjunction with the financial statements and the accompanying notes that follow. It should also be noted that the information contained here will provide information on both the governmental operations and the business type activities of the City.

Financial Highlights

- Asphalt resurfacing and street repairs continue throughout the City using local option sales tax money that was designated for infrastructure projects. The local option sales tax was set to expire June 30, 2012 but voters approved the renewal of the tax in August, 2011. As a result, these tax revenues will be available for use on road, water line and sewer line projects until June 30, 2022. This ensures that the City will be able to continue to make necessary improvements to our infrastructure.
- In spite of economic challenges in the community, the City was able to maintain an AA- bond rating from Standard & Poor's. This rating is based on the City's very strong reserve levels and moderate overall debt burden.

Overview of Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Webster City's basic financial statements. The City of Webster City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City of Webster City's finances, in a manner similar to a private sector business.

The statement of net assets presents information on all of the City of Webster City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as useful indicators of whether the financial position of the City of Webster City is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving the rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Webster City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Webster City include public safety, public works, health and social services, culture and recreation, community and economic development and general government. The business-type activities of the City of Webster City include the operation of electric, water, and sewer utilities.

The government-wide financial statements include not only the City of Webster City itself (known as the primary government), but also a legally separate airport for which the City of Webster City is financially accountable and a trust known as the Fred Fuller Trust that was created for the sole benefit of the City. Financial information for these component units are reported separately from the financial information presented for the primary government itself. The Electric, Water, and Sewer utilities function as departments of the City of Webster City, and therefore have been included as an integral part of the primary government.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Webster City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds for the City of Webster City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for the governmental funds with similar information presented for the governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Webster City maintains 37 individual governmental funds. Information presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, second street reconstruction fund and debt service fund, of which all are considered to be major funds. Data from the other 34 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The City of Webster City adopts an annual combined budget for all of its funds except private purpose trust funds and internal service funds. A budgetary comparison schedule has been provided to demonstrate compliance with this budget.

Proprietary Funds: The City of Webster City maintains different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-

wide financial statements. The City of Webster City uses enterprise funds to account for its Electric, Water, and Sewer utilities. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City of Webster City's various functions. The City of Webster City uses an internal service fund to account for self-insured dental/vision insurance. The internal service fund will be found in the governmental activities.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the electric, water and sewer utilities, all of which are considered major funds of the City of Webster City. Conversely, both internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

Fiduciary Funds: Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City of Webster City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Government-wide Financial Analysis

The largest portion of the City of Webster City's net assets (65%) reflects its investment in capital assets (e.g. Land, Construction in progress, Land improvements, Structures and Improvements, Machinery and equipment, and Infrastructure) less any related debt used to acquire those assets that is still outstanding. The City of Webster City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Webster City's investments in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

City of Webster City's Net Assets

	Governmental Activities		Business-type Activities		Total		Component Units	
	6/30/10	6/30/11	6/30/10	6/30/11	6/30/10	6/30/11	6/30/10	6/30/11

Unrestricted	2,567,048	2,571,599	13,279,938	14,454,143	15,846,986	17,025,742	6,252	76,576
Total net assets	\$ 26,787,724	\$ 28,209,578	\$ 30,920,857	\$ 31,265,623	\$ 57,708,581	\$ 59,475,201	\$ 3,033,825	\$ 3,303,204

An additional portion of the City of Webster City's net assets (6%) represents resources that are subject to external restrictions on how they may be used. The remaining balances of unrestricted net assets (\$17,025,742) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City of Webster City is able to report positive balances in all three categories of net assets, for the government as a whole, as well as for its separate business-type activities.

The government's net assets increased by \$2,660,477 during the fiscal year. Net assets in the governmental activities increased by \$1,421,854. The key element in the governmental activity increase is a result of the conservative budgeting and the close monitoring of the expenditures to ensure that the city maintain a strong financial position. Net assets in the business type activities increased by \$344,766.

Governmental Activities. Governmental activities increased the City of Webster City's net assets by \$1,569,899, thereby accounting for 53% of the total addition in the net assets of the City of Webster City. Key elements of this increase were as follows:

	City of Webster City's Changes in Net Assets							
	Governmental Activities		Business Type Activities		Total		Component Units	
	6/30/2010	6/30/2011	6/30/2010	6/30/2011	6/30/2010	6/30/2011	6/30/2010	6/30/2011

Change in Net Assets Before Transfers	1,475,049	1,569,899	1,102,544	1,090,578	2,577,593	2,660,447	373,018	269,379
Net Assets – Beginning (Restated)	25,312,675	26,639,679	29,818,313	30,175,045	55,130,988	56,814,724	2,660,807	3,033,825
Ending Net Assets	\$ 26,787,724	\$ 28,209,578	\$ 30,920,857	\$ 31,265,623	\$ 57,708,581	\$59,475,201	\$ 3,033,825	\$3,303,204

Revenues and expenses remained consistent from year to year for both the governmental and business type activities.

- Capital outlay is reported as an expenditure in the fund financial statements but is capitalized in the government-wide financial statements. Some examples of these items are as follows:
 - Purchase of equipment such as two police cars for the police department and a pickup for the street department.
 - Purchase of safety equipment and gear for the fire department.
 - The completion of the 2010 Street Improvement Project.

The main sources of revenue for the governmental activities are from property taxes, other taxes (including local options sales tax), and grants and contributions. The City of Webster City received \$3,472,112 in property tax revenue, \$705,572 in other taxes, and \$1,200,743 in capital and operating grants and contributions.

Business-type Activities. The net assets of the business-type activities of the City of Webster City increased by \$1,090,578.

The goal of the City of Webster City is to have the revenues exceed the expenses in the Business-type activities. This goal was obtained for all utilities for the year ending 6/30/2011.

The electric utility is the main function of the City of Webster City Business-type Activities making up 74% of the total revenue. Since most sewer utility usage is based on a per unit water usage, with the exception of industrial sewer, the revenues for these two functions should remain close. Rates are monitored in each of these utilities on an on-going basis to maintain their financial stability.

Financial Analysis of the Government's Funds

As noted earlier, the City of Webster City uses fund accounting to demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City of Webster City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Webster City's financing requirements. In particular, unreserved fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of Webster City's governmental funds reported combined ending fund balances of \$4,970,169; with the prior year being \$3,767,843, the increase for this year was \$1,202,326. \$532,174 is nonspendable, \$1,495,244 is restricted, \$1,315,872 is committed, \$565,945 is assigned and \$1,060,934 is unassigned.

Revenues from the City's governmental funds totaled \$6,620,894 with taxes accounting for \$4,178,488 of that amount. Intergovernmental activities, including state and federal grants, represented another \$1,186,532 of the total governmental revenues.

Total expenditures for the governmental funds were \$7,416,307. The six main activities that make up these expenditures are public works (\$1,606,132), public safety (\$1,941,868), culture and recreation (\$1,086,765), community and economic development (\$251,081), capital projects (\$1,476,076) and debt service (\$808,237).

The general fund is the chief operating fund of the City of Webster City. At the end of the current fiscal year, unassigned fund balance of the general fund was \$2,399,174. As a measure of the general fund's liquidity, it may be useful to compare both the unassigned fund balance to the total fund expenditures. Unassigned fund balance represents 67% of the total general fund expenditures.

The fund balance of the City of Webster City's general fund increased by \$1,161,636 during the current fiscal year, due primarily to transfers in from other funds.

The Second Street Reconstruction fund continued to have a deficit fund balance at the end of the fiscal year of \$827,020. The deficit fund balance for Second Street Reconstruction decreased by \$139,643. This deficit is due to the advance from the electric utility for the reconstruction of Second Street. Future tax increment receipts will pay the advance.

The debt service fund ended the year with a \$241,632 fund balance. The City intends to reduce this fund balance by reducing future tax levies.

Proprietary Funds. The City of Webster City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Total net assets of the electric utility amounted to \$16,676,009, the water utility totaled \$9,761,378, and the sewer utility totaled \$4,828,236. The total change in net assets for these three funds was \$20,775,

\$918,255, and \$151,548 respectively. Other factors concerning the finances of these three funds have already been addressed in the discussion of the City of Webster City's business-type activities.

Governmental and Proprietary Funds Budgetary Highlights

The City adopted one budget amendment during the year increasing expenditures by \$1,219,792 and decreasing budgeted revenues by \$676,460.

Capital Asset and Debt Administration

Capital Assets. The City of Webster City's investment in capital assets for its governmental and business-type activities as of June 30, 2011, amounts to \$47,564,820 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings, machinery and equipment, infrastructure.

Major capital assets events during the current fiscal year included the following:

- The completion of the 2010 Street Improvement Project.
- The completion of a sanitary sewer force main project.
- The completion of the Superior/Fairmeadow Street Reconstruction Project.

	City of Webster City's Capital Assets (Net of Depreciation)

Total	\$ 26,847,652	\$ 27,973,866	\$ 20,105,139	\$ 19,590,954	\$ 46,952,791	\$ 47,564,820	\$ 33,180	\$ 32,340

Long-term debt. At the end of the current fiscal year, the City of Webster City had total bonded debt outstanding of \$8,758,369. Of this amount, \$3,690,000 comprises debt backed by the full faith and credit of the government. The remainder of the City of Webster City's debt represents bonds secured solely by specified revenue source (i.e. revenue bonds).

Total outstanding liabilities includes an estimated liability for compensated absences and other post employment benefits. The total estimate for compensated absences is \$499,181 with \$295,431 being for governmental activities and \$203,750 being for business-type activities.

	General Obligation and Revenue Bonds					
	Governmental Activities		Business-type Activities		Total	
	6/30/10	6/30/11	6/30/10	6/30/11	6/30/10	6/30/11
General Obligation Bonds	\$ 2,705,000	\$ 3,435,000	\$ 310,000	\$ 255,000	\$ 3,015,000	\$ 3,690,000
Revenue Bonds	2,153,149	2,116,763	3,320,000	2,941,000	5,473,149	5,057,763
Total	\$ 4,858,149	\$ 5,551,763	\$ 3,630,000	\$ 3,196,000	\$ 8,488,149	\$ 8,747,763

The City of Webster City's total long-term liabilities increased by \$224,329 (including notes payable and compensated absences) during the fiscal year.

State statutes limit the amount of general obligation debt, including tax increment financing. A government entity may issue to 5% of its total assessed valuation. The current debt limit for the City of Webster City is \$17,513,393. With the General Obligation Debt being \$3,690,000 and the Tax Increment Debt being \$2,116,763, the City of Webster City is at 33% of the debt limit.

Economic Factors and Next Year's Budgets and Rates

- The rollback will increase for residential property. There will be no change to commercial rollback and agricultural rollback will decrease. Residential rollback will go from 48.5299 % of the assessed value to 50.7518%, commercial will remain at 100%, and agricultural property will go from 69.0152% to 57.5411%. Depending on valuations and the levy asking this could impact the property tax dollars received. Possible changes with the commercial rollback are currently being discussed at the state level, which could have a negative impact on commercial property tax revenues for cities.
- City contribution rates for Municipal Police and Fire Retirement System of Iowa will increase from 24.76% to 26.12% in the next fiscal year. These rates are expected to increase.
- City contribution rates for Iowa Public Employees Retirement System of Iowa will increase from 8.07% to 8.67% in the regular class and from 9.97% to 10.27% in the protection class in the next fiscal year. Due to legislative changes, IPERS rates can now be adjusted up to 1% each year without prior legislative approval.
- Electric, water and sewer rates were each increased during fiscal year 2010/2011. All rate increases are necessary to maintain the financial stability of the three municipal utilities.
- The local option sales tax money is used by the City for infrastructure improvements. This tax was renewed by voter approval in August, 2011 and will be in effect until June 30, 2022.
- Webster City has a strong industrial base. As a result, the current economic situation continues to create hardships for the citizens of our community. Webster City's largest employer, Electrolux, ceased production at the Webster City plant in March, 2011. The City has hired an economic developer as well as a firm to market and develop a new economic development website for the community. This is being done in an effort to bring new businesses and jobs to our community as well as helping existing businesses grow and expand. We are seeing positive results from these efforts.
- In spite of the economic difficulties here, the community has many positive things happening also. We have a new \$30 million hospital, a large construction project at the High School (including a new competition gym) is expected to be completed in 2012, a new Casey's store is being built, along with additions made to Fareway, Town & Country Insurance, First State Bank and Windsor Manor. In addition, the City will soon begin work on a new water well project.
- Hotel/motel tax funds continue to provide funding for special projects within the City. These funds are available for a variety of projects, with requests made to the Hotel/Motel Tax Board.

These factors, if known, were considered in doing the City of Webster City 2011/2012 Budget. If they were not known, then they will be considered with the City of Webster City 2011/2012 Amended Budget.

Request for Information

This financial report is designed to provide a general overview of the City of Webster City's finances for all those with an interest in the government's finances. For questions concerning any of the information provided in this report or requests for additional financial information, please feel free to contact the City of Webster City, Finance Director, 400 Second Street, PO Box 217, Webster City, IA 50595.

For the Year Ended June 30, 2011

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds (page 19)	\$ 1,202,326
--	--------------

Governmental funds report capital outlays, including infrastructure, as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Capital outlays exceeded depreciation expense in the current year as follows:

Expenditures for capital assets	\$ 2,038,656	
Depreciation expense	<u>(870,788)</u>	1,167,868

Governmental funds report the proceeds from the sale of fixed assets as revenue whereas the statement of activities reports the gain or loss on the disposal of fixed assets. This is the effect on the change in net assets on the statement of activities.	(41,653)
--	----------

The effect of the change in prepaid insurance which is not reported in the governmental funds as it is not available to provide current financial resources.	13,231
--	--------

Governmental funds report economic development notes receivable and property taxes as revenue when it becomes available, but the statement of activities includes these assets as revenue when originally issued.	(63,855)
---	----------

Accrued interest expense reported in the Statement of Activities does not require the use of current financial resources and, therefore, is not reported as expenditures in the governmental funds.	(1,404)
---	---------

Governmental funds do not reflect the change in accrued compensated absences as it does not consume current financial resources. The Statement of Activities reflects the change in accrued compensated absences through expenditures.	(674)
--	-------

Internal service funds are used by management to fund and maintain the City's insurance policies provided to user departments and are included in the statement of net assets. The net revenue of the internal service funds is reported with governmental activities.	(18,211)
--	----------

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. The amount by which payments exceeded proceeds in the current year is as follows:	
Repayments of long-term debt	<u>(704,220)</u> (704,220)

The effect of bond issuance costs when new debt is issued, whereas, these amounts are deferred and amortized in the Statement of Activities.	<u>16,491</u>
--	---------------

Change in net assets of governmental activities (page 14)	<u><u>\$ 1,569,899</u></u>
---	----------------------------

CITY OF WEBSTER CITY, IOWA
Notes to Financial Statements
June 30, 2011

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Webster City, Iowa is a political subdivision of the State of Iowa located in Hamilton County, and was incorporated in 1874, under the laws of the State of Iowa, later amended in 1974 under the Home Rule City Act. The City operates under a Council-Manager form of government with the council members elected on a non-partisan basis and administers the following functions as authorized by its charter: public safety, public works, health and social services, culture and recreation, community and economic development and general government services. The City also has municipal water, sewer, and electric utility systems, which are governed by the City Council.

The City's financial statements have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, the City of Webster City, Iowa, has included all funds, organizations, agencies, boards, commissions and authorities. The City has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the City.

These financial statements present the City of Webster City, Iowa (the primary government) and its component units. The component units discussed below are included in the City's reporting entity because of the significance of its operational or financial relationship with the City.

Discretely Presented Component Units

Webster City Airport Commission

The government-wide financial statements include the Webster City Airport Commission ("airport commission") as a component unit. The airport commission is a legally separate organization. The board of the airport commission is appointed by the Webster City City Council. Iowa Statutes provide for circumstances whereby the City can impose their will on the airport commission. The airport commission can create a potential financial benefit to or burden on the City. As a component unit, the airport commission's financial statements have been presented as a discrete column in the financial statements. The information presented is for the fiscal year ended June 30, 2011. Separate financial statements are not issued for the Webster City Airport Commission.

Fuller Trust

The government-wide financial statements include the Fuller Trust as a component unit.

CITY OF WEBSTER CITY, IOWA
Notes to Financial Statements
June 30, 2011

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Fuller Trust is a legally separate organization. The board of Fuller Trust is elected by the general public and can provide a financial benefit or burden to the City. As a component unit, the Fuller Trust's financial statements have been presented as a discrete column in the financial statements. The information presented is for the fiscal year ended June 30, 2011. Separate financial statements are not issued for the Fuller Trust.

Jointly Governed Organizations - The City also participates in several jointly governed organizations for which the City is not financially accountable or that the nature and significance of the relationship with the City are such that exclusion does not cause the City's financial statements to be misleading or incomplete. City officials are members of the following Boards and Commissions: Hamilton County Assessors' Conference Board, Hamilton County Emergency Management Commission, and Hamilton County Joint E911 Service Board.

B. Basis of Presentation

Government-wide Financial Statements – The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which are supported by property tax, intergovernmental revenues, and other nonexchange revenues are reported separately from business type activities, which rely to a significant extent on fees and charges for services. The City's general, special revenue, debt service, capital projects and permanent funds are classified as governmental activities. The City's Medical/Flex internal service fund is also classified as a governmental-type activity.

The Statement of Net Assets presents the City's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories.

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation. The City first uses restricted resources when an expense is incurred for purposes for which both restricted and unrestricted assets are available.

Unrestricted net assets consist of net assets not meeting the definition of the two preceding categories. Unrestricted net assets often have constraints on resources imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given

CITY OF WEBSTER CITY, IOWA
Notes to Financial Statements
June 30, 2011

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

The City does not allocate indirect costs. Certain expenses of the City are accounted for through the internal service fund on a cost-reimbursement basis.

This government-wide focus is more on the sustainability of the City as an entity and the change in the City's net assets resulting from the current year activities.

Fund Financial Statements – Separate financial statements are provided for governmental and proprietary funds. Major individual governmental and proprietary funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The City reports the following major governmental funds:

- 1) General Fund – The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund. The sources of revenue include property taxes, charges for services, fines and fees, licenses and permits, as well as state and federal grants. The expenditures of the General Fund relate to general administration, police and fire protection, maintenance of public streets, economic development, and culture and recreation.
- 2) Capital Project Fund
Second Street Reconstruction – accounts for resources and expenditures related to the Second Street reconstruction project.
- 3) Debt Service Fund - Accounts for the accumulation of resources for and the payment of general obligation debt principal, interest and related costs.

The City reports the following major proprietary (enterprise) funds:

The Water Utility is used to account for the operation and maintenance of the City's water system.

The Sewer Utility is used to account for the operation and maintenance of the City's sewer system.

The Electric Utility is used to account for the operation and maintenance of the City owned electric system.

In addition, the City reports the following fund types:

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the city, or to other governmental units, on a cost-reimbursement basis.

Medical/Flex

Edgar Foster Trust
Calvary Cemetery Trust

Zella Silvers Trust
Mulberry Church Trust

C. Measurement Focus and Basis of Accounting

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days after year end.

Property tax, local option sales tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the City.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

Under terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants and then by general revenues.

The proprietary funds of the City apply all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee on Accounting Procedure.

CITY OF WEBSTER CITY, IOWA
Notes to Financial Statements
June 30, 2011

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of enterprise funds are charges to customers for sales and services. Operating expenses consist of cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governments, on a cost-recovery basis. The City's internal service fund is presented in the proprietary fund financial statements.

Fiduciary funds are used to report assets held in an agency or custodial capacity for others and therefore not available to support City programs.

D. Assets, Liabilities and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents – The cash balances of most City funds, including the airport discretely presented component unit, are pooled and invested. Interest earned on investments is recorded in the General Fund unless otherwise provided by law.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid (including restricted assets) are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than three months.

Investments consist of the following:

<u>Type</u>	<u>Method</u>
Nonnegotiable Certificates of Deposit	Cost

Custodial Credit Risk – the City has no policy in place regarding custodial credit risk and deposits with financial institutions, however, deposits are insured by the state sinking fund, which provides for additional assessments against depositories to avoid loss of public funds.

Interest Rate Risk – This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The City does have a formal investment policy that limits investment maturities (no more than 397 days) as a means of managing its exposure to fair value losses arising from increasing interest rates. Information about the exposure of the City's investments to this risk, is as follows:

CITY OF WEBSTER CITY, IOWA
Notes to Financial Statements
June 30, 2011

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Type of Investment	Fair Value	Investment Maturities (In Years)
		Less Than 1 Year
Certificates of Deposit	\$ 5,262,000	\$ 5,262,000

Property Tax Receivable, Including Tax Increment Financing - Property tax, including tax increment financing, in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the City Council to the County Board of Supervisors. Current year delinquent property taxes receivable represents unpaid taxes from the current year. The succeeding year property tax receivable represents taxes certified by the City Council to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the City Council is required to certify its budget to the County Auditor by March 15 of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the current fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2009 assessed property valuations; is for the tax accrual period July 1, 2010 through June 30, 2011 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in March 2010. Any county collections on the 2010-2011 tax levy remitted to the City within 60 days subsequent to June 30, 2011, are recorded as property tax revenue.

Customer Accounts and Unbilled Usage – Accounts receivable in the Enterprise Funds includes services billed prior to June 30, 2011 and an estimate of services provided through June 30, 2011 but not billed.

Short-Term Interfund Receivables/Payables - During the course of its operations, the City has numerous transactions between funds to finance operations, provide services, construct assets, and service debt. To the extent certain transactions between funds have not been paid or received as of June 30, 2011, balances of interfund amounts payable or receivable have been recorded as “due to other funds” and “due from other funds”, respectively in the fund financial statements. Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as interfund balances.

Due From Other Governments – Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories - Inventories of the proprietary fund types are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type inventories are recorded as expenditures when consumed.

CITY OF WEBSTER CITY, IOWA
Notes to Financial Statements
June 30, 2011

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Restricted Assets – Funds set aside for payment of Enterprise Fund revenue notes are classified as restricted assets since their use is restricted by applicable note indentures.

Prepaid Items - Payments made to vendors for services that will benefit periods beyond June 30, 2011 are recorded as prepaid items.

Capital Assets - Capital assets, which include property, equipment and vehicles and infrastructure assets (e.g. roads, bridges, curbs, gutters, sidewalks and similar items which are immovable and of value only to the government) are reported in the applicable governmental or business type activities columns in the government-wide Statement of Net Assets and in the Proprietary Funds Statement of Net Assets. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair not adding to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the City as assets with initial, individual costs in excess of \$5,000 for general capital assets and \$25,000 for infrastructure assets and estimated useful lives in excess of one year. Depreciation expense is calculated using the straight-line method over the following useful lives:

Buildings	39 – 150 Years
Utility Plant	25 – 90 Years
Machinery & Equipment	3 - 30 Years
Infrastructure	20– 100 Years
Land Improvements	50– 100 Years

Deferred Revenue – Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of uncollected notes receivable, as well as delinquent property tax receivable and other receivables not collected within sixty days after year end.

Deferred revenue in the Statement of Net Assets consists of succeeding year property tax and tax increment financing receivable that will not be recognized as revenue until the year for which they are levied.

Compensated Absences - City employees accumulate a limited amount of earned but unused vacation and sick-leave hours for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide and proprietary fund financial statement. A liability for these amounts is reported in governmental fund financial statements only for employees that have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2011. The compensated absences liability attributable to the governmental activities will be paid by the General Fund.

CITY OF WEBSTER CITY, IOWA
Notes to Financial Statements
June 30, 2011

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Long-term Liabilities – In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental or business type activities column in the Statement of Net Assets and the proprietary fund Statement of Net Assets.

In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Equity – In March 2009, the Governmental Accounting Standards Board (GASB) approved Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (Statement). Certain of the significant changes in the Statement will require the following:

Fund balances for each of the City's governmental funds (General Fund, special revenue funds, capital projects funds, and debt service funds) will be displayed in the following classifications depicting the relative strength of the spending constraints placed on the purposes for which resources can be used:

- *Nonspendable fund balance* – amounts that cannot be spent because they are either not in a spendable form (such as inventories and prepaid amounts) or are legally or contractually required to be maintained intact.
- *Restricted fund balance* – amounts that can be spent only for specific purposes because of constraints imposed by external providers (such as grantors, bondholders, and higher levels of government), or imposed by constitutional provisions or enabling legislation.
- *Committed fund balance* – amounts that can be spent only for specific purposes determined by a formal action of the government's highest level of decision-making authority.
- *Assigned fund balance* – amounts the government intends to use for specific purposes that do not meet the criteria to be classified as restricted or committed.
- *Unassigned fund balance* – amounts that are available for any purpose; these amounts can be reported only in the City's General Fund.

In addition, the Statement clarifies the definitions of the various types of governmental funds. Interpretations of certain terms within the new definition of special revenue funds may affect which activities the City can report in special revenue funds.

The provisions of GASBS No. 54 were implemented by the City for the fiscal year beginning July 1, 2010. Implementation required the City to restate existing fund balances for the governmental funds, by combining the Child Care Center Fund and the K-9 Trust Fund with the General fund decreasing the General fund beginning fund balance by \$587,176.

Fund balance amounts represent the nature of the net resources that are reported in a governmental fund. The City fund balance classifications include non-spendable resources,

CITY OF WEBSTER CITY, IOWA
Notes to Financial Statements
June 30, 2011

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

restricted, and non-restricted (committed, assigned and unassigned) amounts. When the City incurs an expenditure and both restricted and unrestricted amounts are available, the City considers restricted amounts to have been spent. When the City incurs an expenditure for an unrestricted amount, committed amounts are reduced first, followed by assigned amounts and then unassigned amounts for purposes in which any of those unrestricted fund balance classifications could be used.

Interfund Transactions - Interfund services provided and used are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except interfund services provided and used transactions and reimbursements, are reported as transfers.

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2011, disbursements exceeded the amounts budgeted in the Public Safety and Public Works functions.

Note 2 - CASH AND CASH EQUIVALENTS AND INVESTMENTS

The City's deposits at June 30, 2011, were entirely covered by Federal Depository Insurance collateralized with securities or letters of credit held by the City or by a multiple financial institution collateral pool in accordance with Chapter 12C of the Code of Iowa. Chapter 12C provides for additional assessments against the depositories to insure there will be no loss of public funds.

The City is authorized by statute to invest public funds in obligation of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the City Council; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

Deposits at June 30, 2011, are shown below:

	Primary Government	Private Purpose Trust Funds	Webster City Airport Commission Component Unit	Fuller Trust Component Unit	Fair Value
Demand Deposits	\$ 13,077,281	\$ 23,169	\$ 89,572	\$ 204,356	\$13,394,378
Cash on Hand	1,000	-	-	-	1,000
Time Deposits	5,262,000	-	-	50,187	5,312,187
	<u>\$ 18,340,281</u>	<u>\$ 23,169</u>	<u>\$ 89,572</u>	<u>\$ 254,543</u>	<u>\$18,707,565</u>

CITY OF WEBSTER CITY, IOWA
Notes to Financial Statements
June 30, 2011

Note 2 - CASH AND CASH EQUIVALENTS AND INVESTMENTS – (Continued)

Fuller Trust – Discretely Presented Component Unit:

Custodial Credit Risk: This is the risk that in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Fuller Trust funds do not have custodial credit risk policies for investments.

Interest Rate Risk: This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Fuller Trust does not have a formal investment policy that limits investment maturities (no more than 397 days) as a means of managing its exposure to fair value losses arising from increasing interest rates. Information about the exposure of the Fuller Trust's investments to this risk is as follows:

Type of Investment	Fair Value	Investment Maturities (In Years)	
		Less Than 1 Year	1 – 5 Years
Mutual Funds	\$ 2,335,240	\$ 2,335,240	\$ -
Preferred Stocks	101,285	101,285	-
U.S. Gov't. Agencies	235,786	235,786	-
Corporate Bonds	267,234	-	267,234
	<u>\$ 2,939,545</u>	<u>\$ 2,672,311</u>	<u>\$267,234</u>

Note 3 - RECEIVABLES

Receivables at June 30, 2011 are net of allowance for uncollectibles. The allowance for uncollectibles of the enterprise funds of the primary government was \$86,987 at June 30, 2011.

The City has received federal and state grant funds for economic development and housing rehabilitation loan programs to various businesses and individuals. The City records a loan receivable when the loan has been made and funds have been disbursed.

It is City's policy to record deferred revenue for the net amount of the receivable balance. As loans are repaid, revenue is recognized. When new loans are made from the repayments, expenditures are recorded. Interest received from loan repayments is recognized as revenue when received in cash. Any unspent loan repayments at year-end are presented as committed fund balance in the fund financial statements.

Note 4 - DUE FROM OTHER GOVERNMENTS

At June 30, 2011, amounts due from other governments were as follows:

Due from the Iowa Department of Revenue for Road Use Tax allocation	\$ 58,976
Due from the Iowa Department of Revenue for State and Federal Grant Projects	30,600
Due from the Iowa Department of Revenue for Local Option Sales taxes	58,049
Total Governmental Funds	<u>\$ 147,625</u>

CITY OF WEBSTER CITY, IOWA
Notes to Financial Statements
June 30, 2011

Note 5 - INTERFUND RECEIVABLES AND PAYABLES

As of June 30, 2011, short-term interfund borrowings were as follows:

<u>Fund Due To</u>	<u>Fund Due From</u>	<u>Amount</u>
Electric Fund	Second Street Reconstruction	\$ 827,020
Electric Fund	General Fund	589,017
Electric Fund	Nonmajor Governmental	99,190
Nonmajor Governmental	General Fund	35,710
Nonmajor Governmental	Non-Major Governmental	453,802
		<u>\$2,004,739</u>

The purpose of the interfund balances is to help finance short-term cash flow shortages of various funds.

Note 7 - LONG-TERM DEBT

General Obligation Bonds

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities and projects. General obligation bonds have been issued for both governmental and business-type activities. These bonds are direct obligations and pledge the full faith and credit of the City.

CITY OF WEBSTER CITY, IOWA
Notes to Financial Statements
June 30, 2011

Note 7 - LONG-TERM DEBT (Continued)

General obligation bonds outstanding as of June 30, 2011 are as follows:

	<u>Date of Issue</u>	<u>Final Maturity</u>	<u>Interest Rates</u>	<u>Original Indebtedness</u>	<u>Balance 6/30/11</u>	<u>Due Within One Year</u>
Governmental Activities						
General Obligation Debt						
Corporate purpose bonds	07/01/03	06/01/18	1.25 – 3.80%	\$ 1,125,000	\$ 625,000	\$ 75,000
Corporate purpose bonds	03/01/06	06/01/16	3.25 – 3.95%	1,280,000	710,000	130,000
Corporate purpose bonds	11/01/08	06/01/17	1.20 – 3.05%	1,330,000	940,000	235,000
Corporate purpose bonds	11/01/10	06/01/20	2.00 – 2.90%	1,290,000	1,160,000	120,000
Total Governmental Activities – General Obligation Debt					<u>\$ 3,435,000</u>	<u>\$ 560,000</u>
Business-Type Activities						
General Obligation Debt						
Corporate purpose bonds	11/01/08	06/01/17	1.20 – 3.05%	\$ 365,000	<u>\$ 255,000</u>	<u>\$ 60,000</u>

In November 2010, the City issued general obligation bonds totaling \$1,290,000. The bonds bear interest ranging from 2.0% - 2.9% with principal payments due June 1 of the years 2011 through 2020.

The balances shown on the Statement of Net Assets is net of unamortized bond premiums of \$10,606.

Advance Refunding

On November 1, 2008, the City issued \$1,695,000 of General Obligation Bonds, Series 2009, with an average interest rate of 2.125%. The bonds consist of serial bonds bearing various fixed rates ranging from 1.2% to 3.05% with annual maturities from June 2010 through June 2017. The net proceeds of \$1,655,275 (after issuance costs of \$39,725) were used to advance refund various series of bonds with a total principal amount of \$1,695,000 and an average interest rate of 4.02%. The advance refunding was done in order to reduce debt payments in the short-term. The refunding decreased the City's total debt service payments by approximately \$101,000.

Debt service requirements to maturity are as follows:

<u>Years</u>	<u>Governmental Activities</u>		<u>Business-Type Activities</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
2012	\$ 560,000	\$ 98,360	\$ 60,000	\$ 5,706
2013	575,000	84,169	60,000	4,526

Total	<u>\$ 2,941,000</u>	<u>\$ 419,080</u>

A repayment schedule has not been established for the community center revenue note as of June 30, 2011.

CITY OF WEBSTER CITY, IOWA
Notes to Financial Statements
June 30, 2011

Note 7 - LONG-TERM DEBT (Continued)

Changes in Long-Term Liabilities

Long-Term liability activity for the year ended June 30, 2011, was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Primary Government:					
Governmental Activities:					
Bonds Payable:					
General Obligation	\$ 2,705,000	\$ 1,290,000	\$ 560,000	\$ 3,435,000	\$ 560,000
Revenue Bonds	2,153,149	-	36,386	2,116,763	-
Compensated Absences	263,239	263,913	263,239	263,913	135,739
Other Post Employment Benefits	21,013	10,505	-	31,518	-
 Governmental Activity Long-Term Liabilities	 \$ 5,142,401	 \$ 1,564,418	 \$ 859,625	 \$ 5,847,194	 \$ 695,739
 Business-Type Activities:					
Bonds Payable:					
General Obligation	\$ 310,000	\$ -	\$ 55,000	\$ 255,000	\$ 60,000
Revenue Bonds	3,320,000	-	379,000	2,941,000	392,000
Compensated Absences	191,809	191,142	191,809	191,142	100,808
Other Post Employment Benefits	8,405	4,203	-	12,608	-
 Business-Type Activity Long-Term Liabilities	 \$ 3,830,214	 \$ 195,345	 \$ 625,809	 \$ 3,399,750	 \$ 552,808

Note 8 - TRANSFERS

The following is a summary of transfers between funds:

	General	2 nd Street Reconstruction	Electric	Non Major Governmental	Total Transfer Out
General	\$ -	\$ -	\$ 51,460	\$ 86,114	\$ 137,574
Electric	612,830	-	-	-	612,830
Water	68,772	-	-	-	68,772
Sewer	67,513	-	-	-	67,513
Nonmajor Governmental	51,878	139,643	4,390	976,905	1,172,816
Total Transfer In	\$ 800,993	\$ 139,643	\$ 55,850	\$ 1,063,019	\$ 2,059,505

Generally, transfers are used to (1) move revenues from the fund that collects them to the fund that the budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

CITY OF WEBSTER CITY, IOWA
Notes to Financial Statements
June 30, 2011

Note 9- PENSION AND RETIREMENT

Iowa Public Employees Retirement System - The City contributes to the Iowa Public Employees Retirement System (IPERS), which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute plan to members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa 50306-9117.

Plan members are required to contribute 4.50% of their annual covered salary and the City is required to contribute 6.95% of annual covered payroll except for, fire employees, in which case, the percentages are actuarially determined, and law employees who are covered by another plan. Contribution requirements are established by state statute. The City's contribution to IPERS for the years ended June 30, 2011, 2010, and 2009 were \$179,764, \$169,032, and \$156,939, respectively, equal to the required contributions for each year.

Municipal Fire and Police Retirement System of Iowa – The City contributes to the Municipal Fire & Police Retirement System of Iowa (MFPRSI) which is a cost-sharing multiple-employer defined benefit pension plan administered by a Board of Trustees appointed by the State of Iowa. MFPRSI provides retirement and death benefits which are established by State statute to plan members and beneficiaries. MFPRSI issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to MFPRSI, 2836 104th Street, Urbandale, Iowa 50322.

Plan members are required to contribute 9.40% of earnable compensation and the City's contribution rate cannot be less than 19.90% of earnable compensation. Contribution requirements are established by State statute. The City's contribution to MFPRSI for the years ended June 30, 2011, 2010 and 2009 were \$159,162, \$137,378, and \$144,572, respectively, which met the required minimum contribution for each year.

Employee Vision and Dental Plan – The City of Webster City Medical/Flex Insurance Fund was established to account for the City's medical and flex benefit plan. Effective September, 1995, the City has entered into an administrative services agreements with Select Benefit Administrators, to administer the employee dental and vision benefit plans. The agreements are subject to automatic renewal provisions.

Monthly payments of service fees and plan contributions to the City of Webster City Medical/Flex Insurance Fund are recorded as disbursements in the operating funds. Under an administrative services agreement, monthly payments of service fees and claims processed were paid to Tri-Star Benefit Administrators and Select Benefit Administrators from the Internal Service Fund, Medical/Flex Insurance Account.

For vision claims, the claims are limited to specified services outlined in the vision plan and the uninsured risk of loss is minimal per employee. For dental claims, the uninsured risk of loss is \$1,000 for a policy year per employee. The City has not purchased additional commercial insurance since claims are limited to the amounts specified in the plan.

CITY OF WEBSTER CITY, IOWA
Notes to Financial Statements
June 30, 2011

Note 9- PENSION AND RETIREMENT (Continued)

All funds of the City participate in the vision and dental plan. Amounts payable to the medical/flex insurance fund are based on actual claims incurred in prior years.

A liability for a claim is established if information indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss is reasonably estimable. Liabilities include an amount for claims that have been incurred but not reported. The City does not allocate overhead costs or other nonincremental costs to the claims liability.

Claims Liability

	Current Year	Prior Year
Unpaid claims, beginning of fiscal year	\$ 3,034	\$ 2,966
Current year claims and changes in estimates	30,807	34,400
Claim payments	(31,566)	(34,332)
Unpaid claims, end of fiscal year	<u>\$ 2,275</u>	<u>\$ 3,034</u>

Note 10 - DEFICIT FUND EQUITY

The City has eight funds with deficit equity balances at June 30, 2011. The City intends to finance these deficits from various resources including; TIF Receipts, fund transfers, and note payments.

The individual fund deficits were as follows:

Second Street Reconstruction	\$ 827,020
Nonmajor – DARE	50
Nonmajor – Hazard Mitigation	4,923
Nonmajor – Urban Renewal Southeast TIF	25,938
Nonmajor – Urban Renewal Southwest TIF	398,008
Nonmajor – Annual Street Maintenance	25,860
Nonmajor – Superior Fairmeadow Traffic Signal	10,343
Nonmajor – City Hall Plaza	155

Note 11- RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; workers compensation; and health care of its employees. All of these risks, with the exception of vision and dental care, are covered through the purchase of commercial insurance, with minimal deductibles. Settled claims have not exceeded the commercial coverage in any of the past three years. There were no significant reductions in coverage compared to the prior year.

Note 12- COMMITMENTS

During the year ended June 30, 2011, the City had entered into several construction contracts totaling approximately \$2,660,000 of which approximately \$2,310,000 has been expended to date. The remaining balance will be paid as work progresses.

CITY OF WEBSTER CITY, IOWA
Notes to Financial Statements
June 30, 2011

Note 13 - CONTINGENCY

From time to time, the City is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of the management and the City attorney that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the City's financial position or results of operations.

The City has received federal grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grants. Management believes such disallowances, if any, would be immaterial.

The City of Webster City has entered into several development agreements with developers.

The developers are constructing industrial/commercial facilities on property located in the City. Chapter 403 of the Code of Iowa authorizes cities to establish urban renewal areas and to undertake economic development projects. In recognition of the developers' commitment, the City agreed to make economic tax rebate payments to the developer during the term of the agreements in amounts which represent the property taxes paid with respect to the project by the developers in that fiscal year, minus the amount of debt service taxes levied by taxing jurisdictions, provided, however, that the total rebate payments during the term of the agreement do not exceed the maximum amounts listed.

The agreement assumes that the full taxable value of the project will go on the property tax rolls as of the dates listed below. All tax rebate payments will be made on December 1, and June 1 beginning the year after the initial incremental taxable value is placed on the property tax roll. The tax rebate payments shall not constitute general obligation of the City, but shall be paid solely and only from incremental property taxes received by the City from the Hamilton County Treasurer which are attributable to each individual project.

The tax rebate payments to the developer are subject to the following conditions:

1. Timely payment of property taxes by the developer when due and submission to the City of a receipt or cancelled check as evidence of each tax payment. Residential developers are not required to submit receipts.
2. Submission of documentation satisfactory to the City, at least one week prior to each December 1 and June 1 payment date, that that project is being used as a commercial facility.

Note 14 - OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description – The City operates a single-employer retiree benefit plan which provides medical/prescription drug benefits for retirees and their spouses. There are 69 active and 3 retired members in the plan. Participants must be age 55 or older at retirement.

CITY OF WEBSTER CITY, IOWA
Notes to Financial Statements
June 30, 2011

Note 14 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

The medical/prescription drug coverage is provided through a fully-insured plan with Coventry Health & Life Ins. Retirees under age 65 pay the same premium for the medical/prescription drug benefit as active employees, which results in an implicit subsidy and an OPEB liability.

Funding Policy – The contribution requirements of plan members are established and may be amended by the City. The City currently finances the retiree benefit plan on a pay-as-you-go basis.

Annual OPEB Cost and Net OPEB Obligation – The City's annual OPEB cost is calculated based on the annual required contribution (ARC) of the City, an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

The following table shows the components of the City's annual OPEB cost for the year ended June 30, 2011, the amount actually contributed to the plan and changes in the City's net OPEB obligation:

Annual required contribution	\$ 14,708
Interest on net OPEB obligation	-
Adjustment to annual required contribution	-
Annual OPEB cost	14,708
Contributions made	-
Increase in net OPEB obligation	14,708
Net OPEB obligation beginning of year	29,418
Net OPEB obligation end of year	<u>\$ 44,126</u>

For calculation of the net OPEB obligation, the actuary has set the transition day as July 1, 2008. The end of year net OPEB obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the actual contributions for the year ended June 30, 2011.

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation are summarized as follows:

Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2009	\$ 14,709	0%	\$ 14,709
June 30, 2010	\$ 14,709	0%	\$ 29,418
June 30, 2011	\$ 14,708	0%	\$ 44,126

Funded Status and Funding Progress – As of July 1, 2008, the most recent actuarial valuation date for the period July 1, 2010 through June 30, 2011, the actuarial accrued liability was \$154,918, with no actuarial value of assets, resulting in an unfunded actuarial accrued liability (UAAL) of \$154,918. The covered payroll (annual payroll of active employees covered by the plan) was approximately \$3,367,000 and the ratio of the UAAL to covered payroll was 4.6%. As of June 30, 2011, there were no trust fund assets.

CITY OF WEBSTER CITY, IOWA
Notes to Financial Statements
June 30, 2011

Note 14 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

Actuarial Methods and Assumptions – Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumption about future employment, mortality and the health care cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. This is a pay as you go plan implemented this year therefore there is no schedule of funding progress presented.

Projections of benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

As of the July 1, 2008 actuarial valuation date, the unit credit actuarial cost method was used. The actuarial assumptions includes a 4% discount rate based on the City's funding policy. The projected annual medical trend rate is 10%. The ultimate medical trend rate is 4.5%. The medical trend rate is reduced 0.5% each year until reaching the 6% ultimate rate.

Mortality rates are from the RP2000 Combined Mortality Table, projected to 2010 using Scale AA. Annual retirement and termination probabilities were developed from the retirement probabilities from the IPERS Actuarial Report as of June 30, 2008 and applying the termination factors used in the IPERS Actuarial Report as of June 30, 2008.

Projected claim costs of the medical plan are \$626 per month for retirees less than age 65 and \$360 per month for retirees who have attained age 65. The salary increase rate was assumed to be 4% per year. The UAAL is being amortized as a level percentage of projected payroll expense on an open basis over 30 years.

Note 15 - PRIOR PERIOD ADJUSTMENT

During the year ended June 30, 2011 the City converted their fixed asset tracking software to an in-house system. During that process, the listing of property, plant and equipment was reviewed and updated. The result of that analysis reduced the net property, plant and equipment for the governmental activities by \$148,045 and the business type activities as follows:

Water Fund	\$ 177,873
Sewer Fund	\$ 181,251
Electric Fund	\$ 386,688

A corresponding reduction in net assets was recorded.

CITY OF WEBSTER CITY, IOWA
Notes to Required Supplementary Information – Budgetary Reporting
June 30, 2011

The budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds except the Internal Service Funds, and appropriates the amount deemed necessary for each of the different City offices and departments. The budgets may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the cash basis budget and appropriations lapse at year end. During the year one budget amendment was adopted decreasing budgeted receipts by \$676,460 and increasing budgeted disbursements by \$1,219,792.

Formal and legal budgetary control is based upon 9 major classes of expenditures known as functions, not by fund. These 9 functions are: public safety, public works, community and economic development, health and social services, culture and recreation, general government, debt service, capital projects, and business-type activities. Function disbursements required to be budgeted include disbursements for the General Fund, Special Revenue Funds, Debt Service Fund, Capital Projects Funds, and the Enterprise Funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. Legal budgetary control is also based upon the appropriation to each office or department.

During the fiscal year ended June 30, 2011, disbursements exceeded the amounts budgeted in the Public Safety and Public Works functions.

CITY OF WEBSTER CITY, IOWA
Schedule of Findings
For the Year Ended June 30, 2011

Part I: Summary of the Independent Auditors' Results

- (a) Unqualified opinions were issued on the financial statements.
- (b) A material weakness in internal control over financial reporting was disclosed by the audit of the financial statements.
- (c) The audit did not disclose any noncompliance which is material to the financial statements.

Part II: Findings Related to the Financial Statements:

Instances of Non-Compliance:

No matters were noted.

Material Weakness:

II-A-11 Financial Reporting

Observation - During the audit, we identified material amounts of receivables and payables not recorded in the City's financial statements. Adjustments were subsequently made by the City to properly include these amounts in the financial statements.

Recommendation – The City should implement procedures to ensure all receivables and payables are identified and included in the City's financial statements.

Response – We will double check these in the future to avoid any missing receivables and payables.

Conclusion – Response accepted.

Part III: Other Findings Related to Statutory Reporting:

III-A-11 - Certified Budget – Disbursements during the year ended June 30, 2011, exceeded the amounts budgeted in the Public Safety and Public Works functions.

Recommendation – The budget should have been amended in accordance with Chapter 384.18 of the Code of Iowa before disbursements were allowed to exceed the budget.

Response – The budget will be amended in the future, if applicable.

Conclusion – Response accepted.

CITY OF WEBSTER CITY, IOWA
Schedule of Findings
For the Year Ended June 30, 2011

Part IV: Other Findings Related to Statutory Reporting:

- IV-B-11 - Questionable Expenditures - We noted no questionable expenditures during our audit.
- IV-C-11 - Travel Expense - No expenditures of City money for travel expenses of spouses of City officials or employees were noted.
- IV-D-11 - Business Transactions – There were no business transactions between the City and City officials identified during the audit.
- IV-E-11 - Bond Coverage - Surety bond coverage of City officials and employees is in accordance with statutory provisions. However, we recommend that the amount of coverage be reviewed annually to insure that the coverage is adequate for current operations.
- IV-F-11 - Council Minutes - We noted no transactions requiring approval which had not been approved by the Council.
- IV-G-11 - Revenue Bonds - No violations of revenue bond resolutions were noted.
- IV-H-11 - Cash and Investments - We noted no instances of noncompliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the City's investment policy.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor, Members of the City Council
City of Webster City, Iowa

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, the discretely presented component units, and the aggregate remaining fund information of the CITY OF WEBSTER CITY, IOWA as of and for the year ended June 30, 2011, which collectively comprise the City's basic financial statements and have issued our report thereon dated January 11, 2012. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting:

In planning and performing our audit, we considered the City of Webster City, Iowa's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Webster City, Iowa's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Webster City, Iowa's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies, or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings, we identified a certain deficiency in internal control over financial reporting that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings as item II-A-11 to be a material weakness.

Compliance and Other Matters:

As part of obtaining reasonable assurance about whether the City of Webster City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do

not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Comments involving statutory and other legal matters about the City's operations for the year ended June 30, 2011 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the City. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

The City of Webster City, Iowa's responses to findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the City of Webster City, Iowa's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of management, City Council, others within the entity, and is not intended to be and should not be used by anyone other than those specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the City during the course of our audit. If you have any questions concerning the above matters, we would be pleased to discuss them with you at your convenience.
